

## AD1348

### ENVIRONMENTAL CAMERA HOUSING

AD1348-14

AD1348-14  
with AD1348-14SH

The AD1348 is a price competitive environmental camera housing designed for larger CCD cameras and zoom lenses. The unique fold-down housing feature provides full and easy access to the camera and lens for troublefree installation and servicing.

The IP65/NEMA-4 rated housing provides excellent protection against harsh outdoor environments. In cold weather climates or where condensation problems exist, the optional low-current PTC heater automatically regulates its output to provide heat in the housing and maintain a clear viewing window.

If required, an optional blower kit is available.
